2022-23 Season Outlook: After a strong year following the pandemic, Montclair State looks to continue our mission to win the Happy Valley Kick Off Tournament, the North Atlantic Regional Championship, and the National Championship in 2023. With 11 of the 12 returning from last year, and the 12th being the new Assistant Coach, our program is set to make even more noise than we did in the 2021-2022 Season. Be on the look out for a potential All-American 1st Team season repeat from MJ Moncrieffe, certainly All Region repeats and potential All American performances from Taishawn Chavis and Al Fogler, and possibly some All Region looks for a couple of our other returning players. In addition to our strong returning cast, we added some dangerous new talent across the board to even further bolster the deep arsenal we already had.

With the tragic passing of former player and team assistant Mo Traore late last season, our family went through hell together to end the 2021-2022 season, and are now refocused, rejuvenated, and locked in to going the distance to honor our fallen brother. It's bigger than basketball this year, and we have unfinished business. It's going to be a movie, Stay Tuned...Long Live Cool Kid

Head Coach Quote:

- We don't play to survive, we don't play to win, we play to dominate.
- Play Hard, Play Smart, Play Together.
- Everything we do must be done with intent, intelligence, and intensity.
- These other teams aren't going to care about y'all, so bring the heat every single pass, every single play, every single possession.
- Till the Clock Says 0:00
- Brothers on 3, Family on 6

so we know we can hang with the best teams. We need to beat teams such as Albany, Binghamton-Green and SUNY-Cortland if we want to be in the postseason. Those are all great teams and present a challenge for us. But we also know that we have the talent to beat those teams. It's all about playing together and buying into the system we are implementing before the season starts

Head Coach Quote: "1-15, our roster might be the most talented we have ever had. How far we will go will be determined with how well we learn how to play as a team and if we can become a great defensive team. We understand that we won't get much publicity due to being a small D3 school but we are a good team that is looking to show we belong at the top of our conference. And that all starts with beating: Albany and Binghamton-Green."
