

2024 NCBBA Skills Competition Rule Book

3-Point Shooting Competition

- This will be a timed event in which a stopwatch will be keeping track of the amount of time it takes you to complete the task.
- Each contestants will be timed as to how quickly they can make 5 3-Point shots, 1 from each of 5 different spots marked by cones (corner, wing, top of key, wing, and corner)
- All contestants will start in either corner position and the stopwatch will start as soon as the first shot leaves the players hand.
- The contestants may not move onto the next position until they make the shot in the particular position they are in.
- Time will stop when the player's ball travels through the net on the last position.

Format

- 8 shooters will compete in the first round with the top 4 shooters moving onto the next round.
- 4 shooters will compete in the second round with the top 2 shooters moving onto the final round.
- 2 shooters will compete in the championship round with the top shooter (champion) being decided by that player achieving the least amount of time to make baskets from all 5 spots.

NCBBA Obstacle Course

- Course designed by the NCBBA in order to test the all-around basketball skills of a player.
- 8 contestants will compete in this competition
- Contestants will be involved in 5 different obstacles that will take place over the entirety of the basketball court
- Players will have their ball handling skills, shooting ability, and basic agility tested throughout the obstacle course
- All contestants will be timed on a stopwatch which will start on the player's first move and will stop once the foul shot (last obstacle) travels through the net.

Format

- Each contestant will start with a ball on the elbow at the top of the key
- The clock starts on the player's first movement, the player will then have to make a layup.
- Following the made layup the player will have to get their own rebound and dribble through the slalom course of cones starting outside of cone 1.
- When the player reaches the opposite corner of the court they will shoot a 3-pointer which they must make before moving on (NCBBA Staff will be rebounding if ball rack goes empty).
- After the 3-pointer is made the player will then run to the opposite corner from where they shot the 3-pointer and picks up 2 basketballs.
- The player must then dribble both balls through the next slalom course of cones starting outside of cone 1.
- Once past cone 5, the NCBBA judge will shout "Clear" signaling the player to drop one ball and dribble the other to the near foul line.
- The player must then shoot a foul shot until one is made thus stopping the clock.
- 5 Seconds will be added to the final time for every cone that is knocked over. 10 Seconds will be added to the final time for every cone that is missed.
- 8 Players will compete in the first round with the best 4 times moving onto the next round.
- 4 Players will compete in the second round with the best 2 times moving onto the final round.
- 2 Players will compete in the championship round with the best time in the final round being declared the champion.

NCBBA Slam Dunk Challenge

- 8 contestants will compete in the slam dunk challenge
- Dunks will be scored by 3 judges on a scale of 1-10
- There will be 3 rounds total for the dunk competition

Format

- 1st round will consist of 8 players with each having 3 opportunities to get dunks scored by the judges in a total 1:30 minute window. The highest scored dunk being counted.
- The top 4 scoring players plus anyone tied for the 4 spot will move onto the 2nd round where they will again have 3 opportunities to get dunks scored.
- The top 2 scoring players plus anyone tied for the 2 spot will then move onto the championship round where they will now have just 2 opportunities to get dunks scored. With the highest scoring dunker in the championship rounded being declared the champion.

Shooter's Chaos Competition

- This will be a timed event in which each contestant will have one minute to see how many points they can accumulate.
- Players will start from behind the half court line then shoot from their choice of locations while rebounding their own shots.
- Each area on the court will be worth a different amount of points:
 - Inside the paint- 1 point
 - Inside the arc- 2 points
 - Top of the key (free throw area)- 3 points
 - Beyond the arc- 5 points
 - Beyond half court- 10 points
- The contestant's point total will accumulate and totaled once the one minute period is complete.
- "Xtraman" props will be placed around the left, right, and front of the basket (represented by "X" on the challenge map).
- Three points will be subtracted from the player's score each time a player knocks an "Xtraman" prop to the ground.
 - An exception would be if the ball hits an "Xtraman" prop and knocks it to the ground.
- The player must dribble the ball when carrying it.
- One point will be subtracted from the player's score each time a moving violation is committed (ex. travelling or double dribbling).
- The Player's feet must be completely in the zone when shooting.
 - If a player's toe touches the line of another zone while shooting the player will be given point(s) for the lesser of the two zones.
- 10 bonus points will be awarded to the shooter's score if a shot is attempted from all five zones during the one minute period.

Format

- 8 shooters will compete in the first round with the top 4 shooters plus anyone tied for the fourth spot moving onto the next round.
- 4 shooters will compete in the second round with the top 2 shooters plus anyone tied for the second spot moving onto the final round
- 2 players will compete in the championship round with the player scoring the most points being the champion.
